

Kent Life Bushcraft Adventure with Step Out

17 - 21 August

Explore, discover & stamp your way through five Bushcraft and Nature Stations located throughout Kent Life.

Complete all five to become a Kent Life Bushcraft Explorer!

1. Nature Detective

Become a woodland explorer!

Your adventure starts with a nature hunt around Kent Life.
Can you spot each nature treasure during your adventure?
Look carefully and tick off what you find on your passport!

2. Nature Craft

Create something amazing from nature!

Get creative with natural materials. Choose a craft to make and take home as a memory of your day at Kent Life with Step-Out.

You could try:

Sculpting a face from natural clay / Creating colourful leaf and petal artwork / Building woodland figures from twigs / Making a cosy bug home.

3. Tool Use min age 6 years

Learn traditional wood carving skills!

Learn to use traditional hand tools safely. Carve, drill and saw your own keepsake to take home. Maybe a necklace or a name badge!

4. Hapa Zome

Discover the art of nature printing!

Try traditional Japanese hapa zome (flower & leaf hammering) printing. Create your own colourful keepsake to take home. Did you know Hapa Zome means leaf printing in Japanese? The colour comes from the plant, no need for painting!

5. Campfire & S'mores min age 6 years

Master the art of fire!

This is usually the most popular stop!

Learn how to safely light a fire, then toast a marshmallow and make your very own s'more. Due to the Governments advise, we will not be lighting fires at this station but you can still learn and enjoy the S'mores.

Sooty & Friends Puppet Show

Friday 21 August 11.30 am & 1.30pm Pavilion Top of Site

Adult supervision is required for all the Bushcraft activities

Our activities are subject to change

Stations open from 10.30am - 4pm
